Anne At Home Pewter Finishes

All Anne At Home pewter hardware is available with any of our 38 finishes at no additional charge. Finishes are all hand applied. Bronze Rubbed, Antique Copper, Weathered White, Verdigris, Antique Gold, Iron Red, and all color wash finishes are also hand rubbed. A durable lacquer coating protects each piece of hardware. When placing a hardware order be certain to include the finish number after the item number.

A two part catalyzed finishing process is used for all pewter cabinet hardware, pewter bath hardware, and vanity top accessories. This process does not affect patina color, a foremost trait of Anne At Home. Our finish properties include:

- ◆ Excellent hardness and impact resistance
- ◆ Mar and abrasion protection
- ◆ Chemical and water imperviousness
- ◆ Excellent color retention, durability, scratch resistance, and elimination of darkening over time
- ◆ Protection from oxidation
- ◆ Non-reactivity to ultra violet light and to oils
- ◆ Freedom from lead and chromate hazard

WARRANTY

Anne At Home will replace or repair, at our discretion, defects in workmanship and materials under conditions of normal wear and tear for as long as you own our product. This warranty is void if product is abused by improper use or installation or if product is subject to abrasive or harsh cleansers.
